Re: Collection Management Honor Roll 2006
Date: March 28, 2007

The four requirements for the Commission's Collection Management Honor Roll are:

- 1) Library has an approved Collection Management Policy on file at Montana State Library (MSL);
- 2) Library's Collection Management Policy has been appropriately updated and is current;
- 3) Over 50% of the library's titles are entered on the OCLC/WLN database;
- 4) Library has been actively adding/deleting titles to/from the OCLC/WLN database during the last three years.

Preparation of the 2006 Honor Roll began in fall 2006 with email messages to libraries having collection management policies on file at MSL that were scheduled for review/revision. Several notices were also placed on wired-mt announcing the Honor Roll and its criteria, and offering assistance/guidelines to libraries interested in writing a new policy or revising an existing policy. December 31, 2006, was announced as the deadline for libraries to have policies submitted to MSL.

During the following months, librarians sent policies for MSL review. Following this review, notification and review comments were sent to the libraries. A list of libraries having current and approved policies was sent in March to OCLC requesting that holdings data be supplied for these libraries. From the information OCLC compiled, it was possible to determine which libraries met the final two criteria needed to make the Honor Roll.

Attached is the list of libraries we recommend for the 2006 Honor Roll. This includes 11 academic libraries, 42 public libraries, and 13 school libraries, for a total of 66 libraries. Of these, 11 are libraries that were not on the Honor Roll last year. The Honor Roll will be announced during the MLA Conference awards luncheon on April 27th in Helena.
