Dear Montana State Library,

We would like to thank you for all the materials that you sent to us. We especially liked the Braille Name Cards. We all thought that those were so cool! They are hanging in our room, by our desks, and on the refrigerator. The Braille alphabet cards were also very neat because we could use them to write or read Braille. We had never seen Braille books before so it was very cool to see the children's books. We learned a lot just by having those materials to look at. Thank you for the bookmarks and pencils. We definitely used those!

We wrote to a few Dog Guide places – but we haven't heard back from them yet. So, it was nice to get the things from you. If we ever meet a blind person that doesn't know about the books available from you – we will let them know about you!

Thank you again!!
