

Memo

To: Montana State Library Commission

From: Jim Kammerer, LIS Manager
Jennie Stapp, State Librarian

Date: January 22, 2014

Re: Draft Circulation & Information Access Policy for the Library Information Services

The Commission is asked to take action to approve revisions to the Circulation & Information Access Policy for the Library Information Services

Circulation Policy – Review

The primary impetus for this current revision to the MSL Circulation policy is to align our stated policies regarding electronic resources access with current practices and licenses agreements.

No changes have been made to the draft policy that was originally presented to the Commission for review last December.
