A RESOLUTION TO CREATE AND REAFFIRM A FREE PUBLIC LIBRARY

Resolution 98 - 4

The Blaine County Commissioners were notified by Lee Kuhr, the Director of the Blaine County Library, by correspondence dated May 12, 1998, that the legal status of the public libraries in Montana was a matter of some concern as the result of a recent Montana Supreme Court decision regarding the three public libraries in Teton County, Montana.

The Blaine County Commissioners researched the matter of the creation of the Blaine County Library, but it cannot be determined from the record whether or not the library was properly established.

Montana law, at section 22-1-303, MCA, allows a public library to be established in any county by the governing body passing and entering upon its minutes a resolution to the effect that a free public library be established pursuant to the provisions of law relating to public libraries.

It is the intent of the Blaine County Commissioners to pass this resolution to address and correct any possible dispute or concern regarding the proper creation of the public library, and to reaffirm the library's historic existence in Blaine County.

RESOLUTION

IT IS HEREBY RESOLVED by the Blaine County Commissioners, relative to the above described matter, that passage of a resolution pursuant to section 22-1-303, and the creation of a public library under the provisions of 22-1-303 through 22-1-317, is in the best interest of the people of Blaine County, which determination has been based on a full disclosure of all pertinent information and an examination of the records of Blaine County, Montana. Accordingly, having adopted the foregoing resolution, the Blaine County Commissioners hereby reaffirm the creation in Blaine County of a public library providing library services to the people of the County.

ADOPTED	this <u>19TH</u> day of May, 1998,	as moved by Commissioner
MILLER	, seconded by Commissioner	KLEINJAN , and passed on a
UNANIMOUS	vote of the full Board.
