

**MEMO**

**To:** State Library Commission  
**From:** Karen Strege  
**Re:** Library Services Advisory Council (Council)  
**Date:** March 27, 2001

As of today, I have only received one comment about the proposals outlined in my February memo concerning the continuation of the Council. However, I anticipate and hope that we will receive more comments closer to April 11. For your convenience, we have included the February memo in this mailing. I look forward to a lively discussion about these matters in April.
