

## Memo

To: Montana State Library Commission  
From: Christie Briggs  
Date: 12/19/2007  
Re: KLAS Server Upgrade - Amended

---

I request that the Library Commission, at the October 2003 meeting, approve the expenditure of \$39,395 from the Montana State Library Trust Fund for improvements and upgrades to the MTBL KLAS database and WebOpac systems.

The total cost of two more user licenses for KLAS WebOpac and Progress was estimated at \$3,000 in the proposal presented at the August meeting. The total cost will actually be \$7,800.

Please contact me or Darlene Staffeldt with any questions prior to the October, 2003 Library Commission meeting:
