Re: Interlibrary loan statistics reports

Please find attached three reports showing you the status of the interlibrary loan reimbursement program payments for FY2009.

The first report is the 2008 ILL reimbursement Report (payment in FY 2009) alphabetical listing of those libraries requesting reimbursement.

The second report is the 2008 ILL reimbursement report (payment in FY 2009) listing in descending order by the total reimbursement amount.

The third report compares reimbursement amounts for the past four years.

Please let me know if you have any questions on any of these reports.
