

Memo

To: Montana State Library Commission

From: Jo Flick and Commissioner Anne Kish

Date: November 29, 2018

Re: Continuing Education Credit for Site Supervision of Practicum students

As part of the State Library's continuing education (CE) program, MSL wishes to create an option to offer CE credit from the MSL to librarians who supervise teacher librarian practicum students from a qualifying university program. Additional details about this proposal are provided in meeting materials. This option is presented for Commission discussion. Staff will also seek additional public comment before requesting action from the Commission at a subsequent Commission meeting.

For reference, the current CE manual is available online at:
