

Memo

To: Montana State Library Commission

From: Jennie Stapp, State Librarian
Erin Fashoway, State GIS Coordinator

Date: June 3, 2021

Re: Recommendation to approve the update of the FY 2022 Land Information Plan from the Montana Land Information Advisory Council

In December 2020, the Montana Land Information Advisory Council endorsed the FY2022 Land Information Plan to the Montana State Library Commission. The Montana State Library Commission approved the Land Information Plan at the December 18, 2020 meeting.

Recent legislative changes, enacted by the 67th Montana Legislature, required an update to the FY2022 Land Information Plan. At their June 2, 2021 meeting the Montana Land Information Advisory Council (MLIAC) recommends approval of the updated FY 2022 Land Information Plan.
