Memo

To: Network Advisory Council

From: Tracy Cook and Cara Orban

Date: May 4, 2022

Re: Library Development Plan outcomes and goals

MSL staff has worked together to create the Library Development plan draft included in your meeting materials. To help us develop a more cohesive vision of how the goals and work of the Core Services Committees connect within this plan, we are asking the Network Advisory Council to identify its top three or four goals from the list generated at the April 2022 NAC meeting, as listed under the "Priorities for the NAC" section. We are also asking the NAC to review the section titled "Desired Outcomes of the Montana Library Network" and to define user-centered outcomes that correlate with the listed outcomes. This work will help to organize our work more holistically around priorities and user-centered outcomes.

Finally, we are seeking input from the NAC on how to evaluate both the work of MSL staff which supports but does not directly connect with the work of the Core Services Committees, and how to evaluate whether progress on these various program goals advances the overall progress toward achieving the MLN's overarching goals.
