

Navigating the Elective Roadmap to Excellence

2025 Webinar Series

Join the MSL Consultants and peers from around the state to learn more about the Elective Roadmap to Excellence.

Each session will include information and resources boards and directors can use to imagine, plan, and implement excellent library services.

[Review the Roadmap](#) and bring your questions to each session.

The Roadmap is a voluntary list of suggestions for improving library services. Libraries that are interested in going above and beyond the [required public library standards](#) can use this document to select possible pathways to excellence.
