Broken Link Testing

Website Users

Website Page Views

**Goal:** User-friendly website with no more than 2% broken links

**Current State:**

As of the last report, Montana State Library's website has...

**107,669**  
total links on site

This is the total number of links across all the pages on the Montana State Library's website.

**5,070**  
reported broken links

The website content management system runs a report to identify broken links.

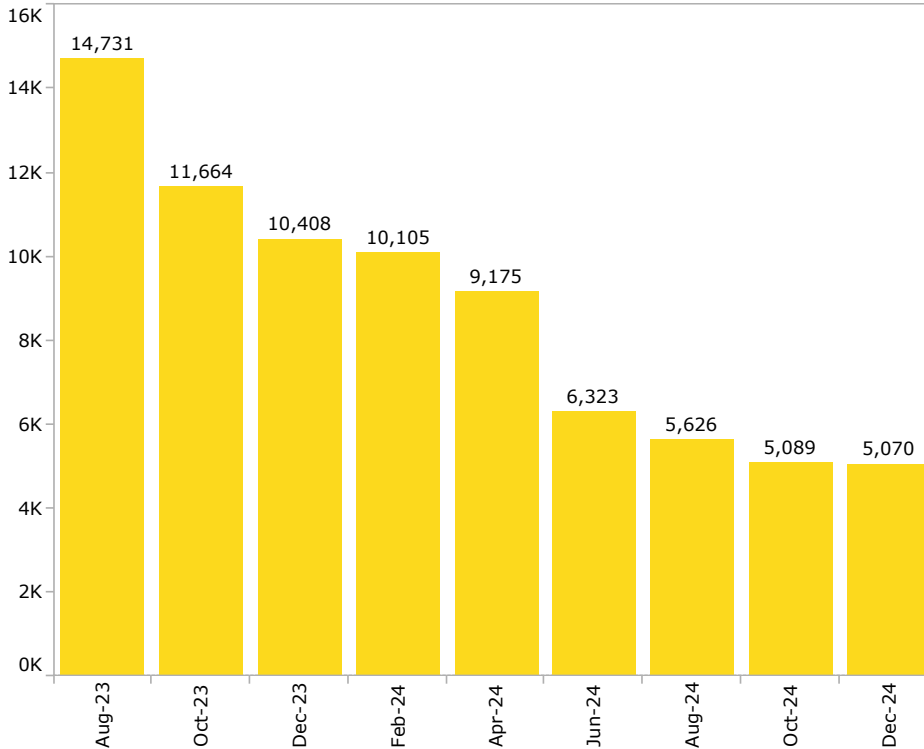

**4,386**  
broken links ignored

Sometimes the report can't verify a link, but it is not broken. Staff mark these links as "ignore."

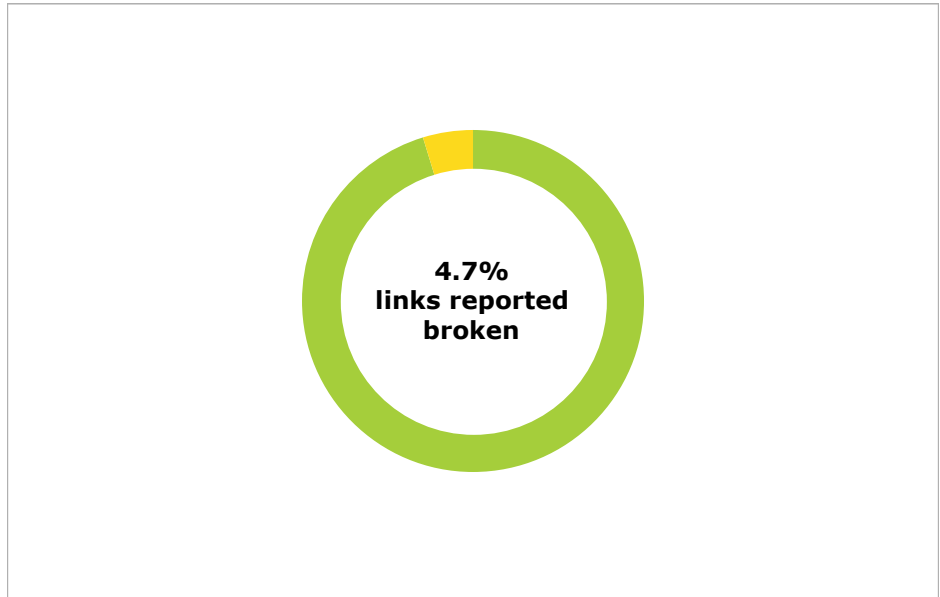

**684**  
links to resolve

Broken links remaining that haven't been marked "ignore" by State Library staff.

Reported Broken Links

Percent Broken

**4.7% of the total links were reported broken as of December 2024.** The most recent report included 5,070 broken links. The first report in August 2023 had 14,731 broken links.

While reviewing broken links, staff also unpublish superseded or obsolete content, reducing the number of total links. In August 2023, the site had 257,005 links. In December 2024, the total was 107,669.
