

HB 192 - Revise county clerk and recorder fee for recording documents

- HB 192 was amended to include both an increase to the recordation fee for the State Library and the County GIS Accounts. The amendment increases MSL’s GIS recordation fee by \$.75/page and the County GIS account fee by \$.25/page and adds an inflationary factor to help the fees keep pace with rising costs.
 - Introduced by Representative Julie Darling (requester), House District 84, former MLIA Council Member
 - Supported by the Montana Clerks & Records Association

	Geospatial	County	Established / Proposed Dates
Original	\$0.75	\$0.25	Established in 2005
