

January 7th, 2026

To Whom it May Concern,

This letter is to confirm that Wheatland County intends to move forward with the Wheatland–Golden Valley Next Generation 9-1-1 Data Validation and Transition project.

Wheatland County, through the Sheriff's Office and the Wheatland–Golden Valley PSAP, understands the need to improve and validate our addressing, road centerline, and emergency service boundary data to meet NENA standards and prepare for the statewide NG9-1-1 transition. As a rural, multi-county PSAP, having accurate and dependable data is critical to day-to-day operations and emergency response.

The County is interested in proceeding with the proposed scope of work as outlined in the project materials, including GIS data validation, quality control, legacy data review, and preparation for state assessment. We are prepared to work with our partners and consultants to complete the project within the identified timelines, pending final approvals and funding.

This letter is intended to serve as a statement of interest and intent to move forward with the project. We appreciate the opportunity to participate and look forward to continuing coordination as the project moves ahead.

Sincerely,

Randy Cameron Jan 7, 2026

Randy Cameron (Jan 7, 2026 15:51:32 MST)

Randy Cameron

Wheatland County Sheriff

Cody J. Nelson
