Commenter: Stef Johnson, Butte, MT

Date: April 29, 2026

Topic: Draft Course of Study

Comments:

I encourage this committee to give considerable weight to ALL independent continuing education credit submissions received, as part of your efforts to return local control to local library systems.

Your proposed changes are a clear opportunity to establish and promote clear, consistent and foundational information to Montana libraries and library workers. Please include respectful latitude for local decisions and service priorities.
